

WOOLSTON EYES CONSERVATION GROUP

Permit renewals policy (14)

All permits are renewed on April 1st each calendar year.

Renewal reminders will be sent in March to all existing Permit Holders who have provided email addresses.

For an application any time after April 1st in the "current year" the Permit would be renewable on April 1st the following year.

For an application between January 1st and April 1st of the current year, the Permit would be renewable on April 1st the following year.

In plain English; a permit application on Jan 1st 2015 is dated to be renewed April 1st 2016 but a permit application made in December 2014 is dated to be renewed April 1st 2015.

Therefore, it is possible that some get three months access free and others would only get three months access. We understand that this may seem harsh but a "cut-off date" is implemented to reduce administrative effort on our small volunteer run services.
